

CAPTURE THE BANDERA

(Capture the Flag)

- 1.** Divide your friends into two teams.
- 2.** Team 1 has one-half of the yard, and Team 2 has the other half. Each team gets 5 minutes to hide their bandera (flag) in their part of the yard.
- 3.** You can send out spies to try to see where the other team is hiding their bandera.
- 4.** When 5 minutes is up and the flags are hidden, the game begins. You simply try to get the other team's bandera. If you get caught and tagged by the opponent on their territory, you have to go to jail and can only be freed by a teammate who grabs you when your opponent isn't looking.
- 5.** The first team to capture the other team's bandera and bring it back to their territory wins.
